

## HOW TO USE YOUR EASY BRAID

### Wrap Style:

- Step #1 Pull the beads down on the Easy Braid so you have room to work with it.
- #2 Gather hair into a ponytail (no rubber band necessary).
- #3 Put the hair through the Easy Braid so that the beads are underneath the hair.  
Twist the microfiber faux suede, like a rubber band and put the hair back through the Easy Braid. Now the beads should be on top of the hair.
- #4 Push 1 (Pigtail Easy Braids) or 3 (for the Long Easy Braids) beads down tight to the hair, moving 1 bead at a time.
- #5 Repeat steps #3 & #4 until you have used all beads.

### French Braid Style:
